SAT WORD OF THE WEEK

Egregious

adj. extremely bad

After cheating on the exam, Scott began to feel as though he'd made an egregious mistake.

TODAY IN HISTORY

On this day in 1492, Christopher Columbus discovered Cuba during his first voyage to the New World, marking an important milestone in European exploration of the Americas.

In 1886 the Statue of Liberty was officially dedicated in New York Harbor. A gift from France, the statue symbolized freedom and hope for millions of immigrants arriving in the United States.

And in 1965, the Gateway Arch in St. Louis was completed. Standing 630 feet tall, it is the tallest man-made monument in the Western Hemisphere and a symbol of America's westward expansion.
